## **TÜV Rheinland**

TÜV Rheinland is one of the largest independent institutes of education in Europe and has offered its training and personnel certification service in China since 1996.

Together with IMechE Argyll Ruane, we have successfully introduced ICorr training into the China market. As the only ICorr training provider in China, we offer ICorr Insulation and PFP Level II public courses as well as PCN NDT trainings in Shanghai as scheduled in 2022.

On-site training will be delivered from time to time in coastal cities like Tianjin, Qingdao, Zhuhai, Qidong and Zhoushan, where a lot international offshore FSPO, LNG projects are in progress.
